RESPONSE UNDER 37 CFR §1.111

Responsive to the Office Action mailed July 16, 2001 (Paper No. 6), Applicant respectfully requests entrance of the following Amendment and consideration of the following Remarks.

Amendment

In the claims:

Please amend the claims as indicated below. For the convenience of the Examiner, a copy of the complete set of pending claims, in the form that they will take after entrance of the present Amendment, is included herewith as Appendix A.

1. (Amended) A method for promoting [wound] healing of a skin wound comprising steps of:

providing [isolate] isolated tropoelastin substantially identical to wild type tropoelastin and isolated lysyl oxidase substantially identical to wild type lysyl oxidase separated from each other; and

applying both said tropoelastin and said lysyl oxidase to a skin wound simultaneously or sequentially.
